

Read&Write lets students read, write, and express themselves more confidently and independently. The multi-purpose toolbar increases accessibility to documents, files, and web pages. Read&Write provides varying levels of support to promote student reading and writing. Its friendly literacy features help English Language Learners, as well as people with learning difficulties. It helps to make learning more accessible through the various tools like Text to Speech, Speech to Text, Translator, Dictionary, Text Leveling, and so much more.

This is a great tool available to all HASD student and teaches and a tool that teachers might find very helpful when it comes to Virtual Learning and Writing. We have the Windows desktop version on all HASD devices. There is also the Google Chrome version which students and staff could download and use at home.

[Here is a video explaining how to add Read&Write to your Google Chrome Extensions](#)

Here is a description for each button and what it does:
